ORSI FODOR

Wallpaper Collection · Tapéta Kollekcio

The colors that fall my way shine like stars.
Utamra hulló színeim ragyognak, mint csillagok.

F.O.

My primary task is to envision and bring to life unique wall designs, for which I eagerly take up both the trowel and the brush. The result of this work is the Fodororsi decorative wallpaper collection, which faithfully reflects my distinctive style in both color and texture. By embracing human visions and the wonders of nature, we gradually, step by step, journey to the innermost core of ourselves. Seeing these ideas come to life on paper and walls brings me the greatest joy and fulfillment.

I have gathered these creations into a bouquet and captured their essence in poetry. High quality, luxurious craftsmanship, positivity, and an extravagant appearance were all key considerations during the design process, ensuring that the “reader” holds a truly refined selection in hand.

I wish you an enjoyable experience and a delightful time selecting from these truly extraordinary wall wonders!

With love!

Orsi Fodor

wall designer with an international professional award

Elsősorban a falak különlegessé álmódása és kivitelezése a feladatom, melyhez előszeretettel ragadok glettvasat, ecsetet egyaránt. Ezen munkáim lenyomataként született a fodororsi dekortapéta-kollekció, mely színeiben, struktúráiban egyaránt hűen tükrözi egyedi stílusomat.

Az emberi víziók és a természet csodáinak befogadása mentén jutunk el lassan, lépésről lépésre önmagunk legbenső magjába. Mindezek papírra és falra vetülése a legboldogabb kinyilatkoztatás számomra. Csokorba gyűjtöttem, haikuba foglaltam jelentésüket.

A magas minőség, a luxus kivitel, a pozitivitás, az extravagáns megjelenés mind kritérium volt a tervezés során, így garantáltan ínycsomagot tart kezében az "olvasó"!

Jó szórakozást és kellemes válogatást ezekből az igazán különleges falcsodákból!

Szeretettel!

Fodor Orsi

REVERIE · ÁBRÁND
FD45S5

I drift off in quiet contemplation,
Running two laps, I collapse breathless,
Dreaming of the future.

Mélán tűnök el magamban.
Futok két kört, kifulladásra fekszem
s álmodom a jövőt.

CanvasWall

DESCRIPTION	Wallcovering with non-woven backing and vinyl coated surface. Ideal product for covering walls in home or office environments. Matt material, which is also suitable for decorating wall surfaces illuminated by scrubbing light. Thanks to its textile-like surface, it creates an extremely friendly, homely atmosphere in its surroundings. Bringing out the design and making it tactile.
USES	Indoor wall decorations Interior design solutions
REACTION TO LIGHT	Matt.
FIREPROOF	Euro class: B-s2-d0 (EN 13501-1) ASTM: class A (E-84-15a)
SPECIFICATIONS	350g/m² Durability: impact resistant according to EN 259-2 Light fastness: ≥ 7 International Woolscale - BS EN 20105 / ISO EN Washability: extra-scrubbable EN 259-1/EN 12956 Bio-Pruf® anti-bacterial treatment to inhibits the growth of micro-organisms such as bacteria and fungi. FSC® certified: FSC-C100728 Reach compliant according to EU regulation 1907 / 2006 EC Dry strippable LEED v.4.1: Compliant BREEAM International: Compliant Fits well, Good color quality CE marking

PlasterWall

DESCRIPTION	Wallcovering, osnaburg hátlappal és vynil bevonattal ellátott felülettel. Ideal product for covering walls in home or office environments. The product has a lightly textured, plaster effect. Bringing out the design and making it tactile.
USES	Indoor wall decorations Interior design solutions
REACTION TO LIGHT	Matt.
FIREPROOF	Euro class: B-s2-d0 (EN 13501-1) ASTM: class A (E-84-15a)
SPECIFICATIONS	290g/m² Durability: impact resistant according to EN 259-2 Light fastness: ≥ 7 International Woolscale - BS EN 20105 / ISO EN Washability: extra-scrubbable EN 259-1/EN 12956 Bio-Pruf® anti-bacterial treatment to inhibits the growth of micro-organisms such as bacteria and fungi. FSC® certified: FSC-C100728 Reach compliant according to EU regulation 1907 / 2006 EC Dry strippable LEED v.4.1: Compliant BREEAM International: Compliant Fits well, Good color quality CE marking

AquaShield

DESCRIPTION	Waterproof wallcovering. Ideal product for covering walls in home or public environments. Its surface is characterized by the weaving structure of the fiberglass fibers. Bringing out the design and making it tactile.
USES	Ideal for covering exterior and interior wall surfaces in high-stress environments (kitchens, gyms, spas, hotels) or in rooms exposed to direct water (bathrooms / showers, baths).
REACTION TO LIGHT	Matt.
FIREPROOF	Classification: B - s1, d0 (UNI EN 13501-1: 2009)

SPECIFICATIONS	265g/m² Liquid water permeability coefficient* (UNI EN 1062-3) Free from solvents, formaldehyde, heavy metals. Deep abrasion resistance (UNI EN iso 10545-6) Light fastness: ≥ 7 International Woolscale - BS EN 20105 / ISO EN 105-b02 Washability: extra-scrubbable EN 259-1 / EN 12956 io-Pruf® anti-bacterial treatment to inhibits the growth of micro-organisms such as bacteria and fungi. FSC® certified: FSC-C100728 Surface hardness expressed with the Mohs scale (UNI EN 101) MOHS 8 LEED v.4.1: Compliant CE-marking Fits well, Good color quality
